

Directions to the Center for Persons with Disabilities on Utah State University campus.

Take Interstate 15 North to Exit 362 (Brigham City/Logan). Stay on this highway through Brigham Canyon (about 30 miles). As you come out of the canyon, stay on the main road all the way into Logan. As you enter Logan, the road will veer off to the left (you will see Artic Circle and Sears on your right/Wendy's and Crystal Inn on your left).

Stay on this road, it becomes Main Street. Remain on Main Street until you get to 400 North then turn east. Stay on 400 North until you get to 1200 East then turn right (north). Go through one traffic light then turn left on the south side of the cemetery. Follow this road as far as you can go. The Center is on the left - the only one-story building in sight.

You will need a parking pass to park in this lot. The main office is just inside the east entrance. Tell the receptionist you are attending a clinic for Clinical Services and who you are meeting with. She will give you a pass and tell you where you can park.
